Apply for a Card Using an Invitation Passcode

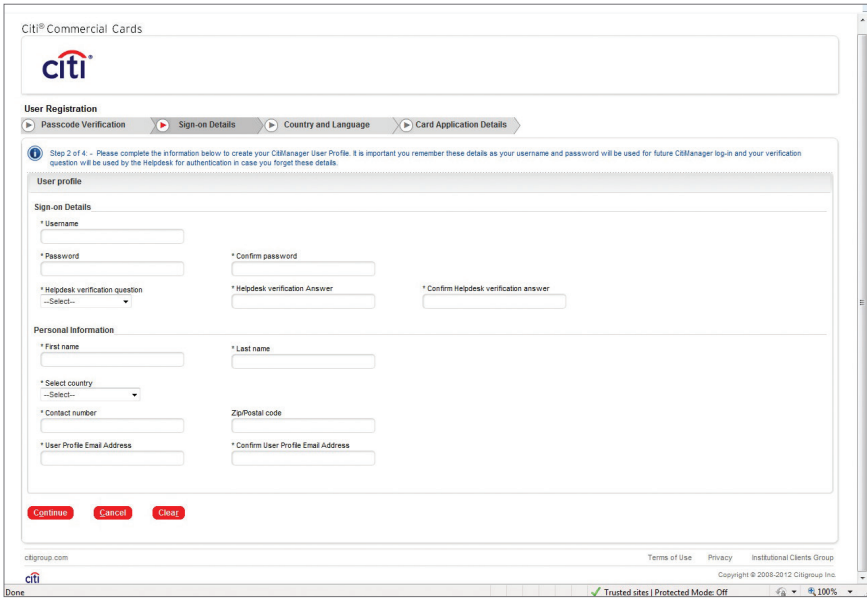

Key Concepts

Before you can apply for a new card, an Invitation Passcode and the inviter’s e-mail address are required. Both are obtained from your Program Administrator. You will receive a confirmation message after completing your application, when the necessary approvals have been received, either from a Supervisor and/or Program Administrator. You can view the status of your application in the CitiManager Site by using the username and passcode created using the steps described below.

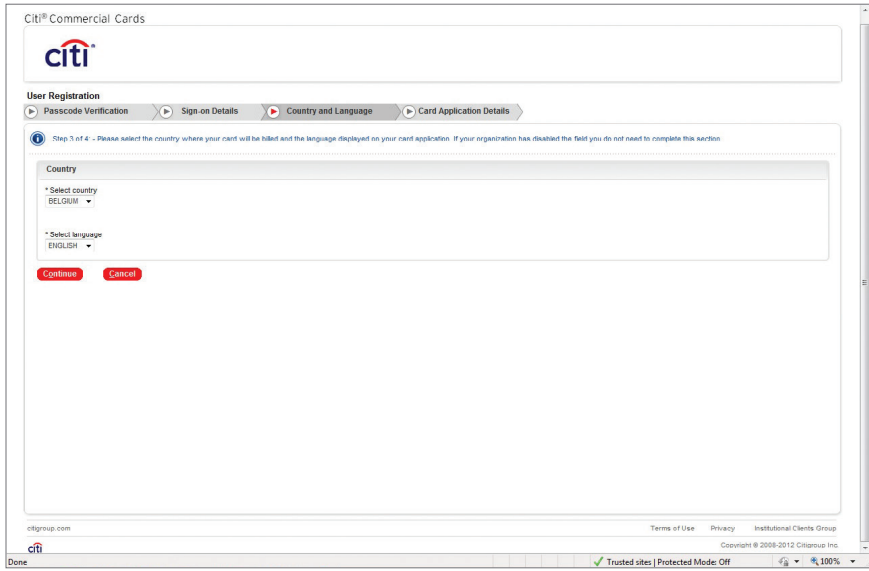

Once your card application is approved, the account will be linked to your CitiManager Site username and password that was created during the application process. This will allow you to perform functions in the CitiManager Site such as view and print statements.

Set Alerts

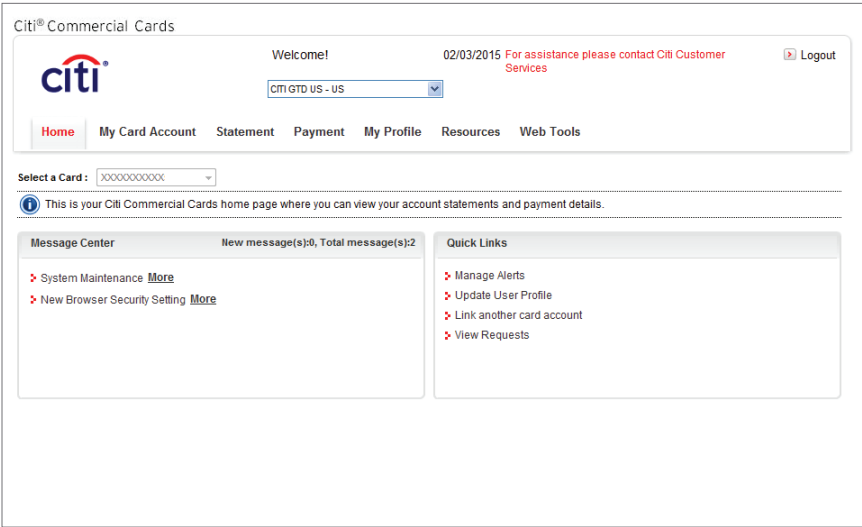

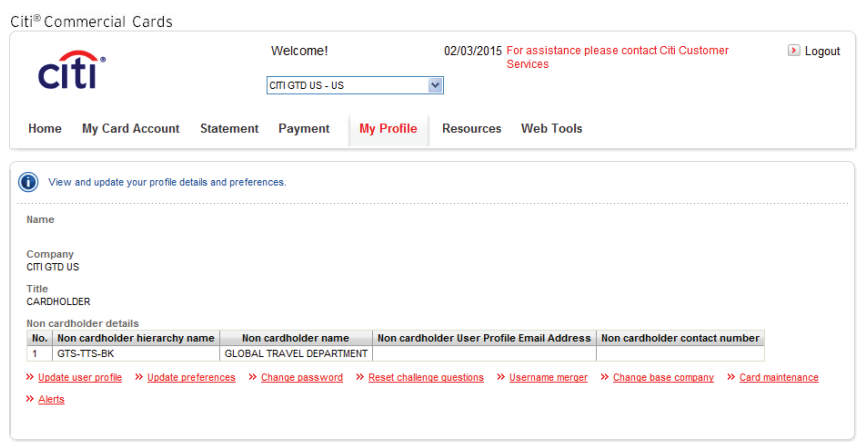

Key Concepts

As a cardholder, you can set alerts so notifications are automatically sent via e-mail or to your mobile device when certain selected activity occurs on your account. For example, you will be notified when your statement is available or when you are within a certain percentage of your credit limit.

You can receive these alerts either by e-mail or a text message to your mobile device.

It is also possible to pick certain days and times to receive the mobile alerts.
